BUSCH FAMILY BOUGHT BONDS TO HELP HUNS

(By Associated Press.)

New York, July 11.—The Busch family in St. Louis, bought at least \$1 million dollars' worth of German war bonds, which the U. S. Government believes were sold in this country for the German propaganda and for the purchase of the New York Evening Mail and other newspapers, according to a statement tonight by Alfred C. Becker, deputy state's attorney general. Becker emphasized the point that the German Government without one cent expense established a fund "to seduce part of the American press with good American gold, exchanged for mere scrap paper."

CONTINUOUS TRAINING

CAMPS TO BE OPENED FOR OFFICERS, ONE AT CAMP TAYLOR.

Washington, July 11.—It will be of interest to those who wish to secure training that will fit them to be officers, to learn that five Central Officers' training camps, at which civilians and enlisted men will be trained for commissions in the officers' reserve corps, have been established by the war department, according to an announcement just made here. The camps for infantry training are located at Camp Lee, Petersburg, Va., Camp Gordon, Atlanta, and Camp Pike, Little Rock, Ark. A camp for field artillery training has been established at Camp Taylor, Ky., and a camp for machine gun training at Camp Hancock, Augusta, Ga.

The announcement further says: "Those training schools will be run continuously, a new class being admitted monthly. The course of training will be four months at the infantry and machine gun schools, and about three months at the field artillery school. These schools are opened to qualified enlisted men of all branches of the service, except coast artillery corps, signal corps and labor units, and also a limited number of civilians.

"To be eligible for admission to a central training school candidates, either civilians or enlisted men, must be between the ages of twenty years and eight months and forty years, must be citizens of the United States and not have been born in any of the countries with which the United States is at war or allies of such countries. Enlisted men must have the moral, educational and physical qualifications required of an officer. Civilians must be graduates of a high school or have pursued an equivalent course of instruction; must be of good moral character, and must have the physical qualifications required for a commission in the officers' reserve corps.

"For the field artillery candidates must in addition to the above, possess a thorough understanding and working knowledge of arithmetic, algebra to include quadratic equations, and plane geometry. A knowledge of trigonometry and the use of logarithms is desirable. Men having had a previous scientific and technical educational and training are most desirable, particularly those educated and trained as civil, mechanical, electrical, mining or architectural engineers.

"Civilians possessing the requisite qualifications as to education, character and physique, who desire to attend an officers' training school will apply for information and necessary blank forms to the army officer on duty as professor of military science and tactics at the educational institution nearest the residence of the applicant. After the applicant has been examined by a professor of military science and tactics, his application will be forwarded to the commanding officer of the Central Officers Training School. Only such applications as are approved by the professors of military science and tactics will be forwarded to the commanding officer of the Central Officers' Training School. The commanding officer will notify from time to time such applicants as may be needed, directing them to report at a designated training school on a specified date.

"In the selection of men to attend these training schools preference will be given to qualified enlisted men so long as they are available."

Elsewhere in this paper will be found an advertisement of the J. S. Gaines Farm near Grayson, in both men and women. The theatre Trigg county. The farm in two tract contains between 800 and 900 acres and the sale is for the administration of the estate. The farm is a very desirable property, close to the L. & N. railroad and in a good neighborhood. It lies in the eastern edge of Trigg county, about 12 miles west of Hopkinsville.

PROHIBITION LEGISLATION

MAY BE POSTPONED UNTIL AFTER RECESS—WIRE CONTROL MEASURE MAY PASS CONGRESS.

Washington, July 11.—Adoption tomorrow by the Senate of the House resolution empowering the President to acquire the Telegraph-Telephone systems and a summer vacation for Congress, with national wartime prohibition legislation postponed until after a recess was the program framed to-day by Congressional leaders.

The Senate debated on the wire control resolution began after the agricultural emergency appropriation bill with the prohibition amendment had been laid aside temporarily. A vote and approval of the resolution without the amendment tomorrow or not later than Saturday is universally conceded. It is believed possible that prohibition managers will consent then to an adjournment until August 12.

SUGAR BOARD INCORPORATED

TO EQUALIZE PRICE OF SUGAR AND TAKE OVER FACTORY PRODUCTION IF NECESSARY.

Washington, July 11.—To equalize the price of sugar to consumer in the face of prospects for an increase due to threatened shortage, President Wilson today created a Sugar Equalization Board on recommendation of Commissioner Hoover. The board will be incorporated for five million dollars and will have authority to acquire, even at a loss to the Government, the production of beet sugar factories that cannot, under the present price of beets, be sold to the public at a reasonable price. The board can also acquire other high cost sugar.

GERMANY CLAIMS FIVE.

Berlin, via London, July 11.—Five American airplanes of a squadron of six which started out to raid Coblenz fell into the hands of the Germans, according to an announcement at general headquarters. The crews were taken prisoners.

BELGIAN RULERS ATTEMPT TO RAID AMERICAN TRENCHES AND LEAVE DEAD

THREE SEAPLANES GUARD ALBERT AND ELIZABETH—BRITISH WELCOME THE "GUESTS FROM THE SKY."

London, July 11.—A royal air escort of three Belgian seaplanes guarded King Albert and Queen Elizabeth on their flight over the channel from Belgium to England Saturday morning on a trip which marked the first time in history that any ruler has every made a flight from one country to another.

The royal couple traveled in separate planes, each operated by a Belgian army aviator.

On the British side of the channel the king landed first near a British war ship off Dover. The queen descended soon afterwards, her seaplane also landed near a war ship.

They started from the Belgian coast and made the trip to England in about fifty minutes. The purpose of their visit to England was to attend the silver anniversary of King George and Queen Mary on Saturday.

This is the first time since the war began that King Albert has visited London and virtually the first time since August, 1914, that he been outside his native land. The only time that King Albert has been outside of Belgium was during one or two informal trips into France. Queen Elizabeth was most enthusiastic about the voyage, telling about it wherever she went and whenever any one asked the details of the trip, despite the fact that she had ridden in airplanes before, she had never been over the sea.

The king, who has for a long time taken much interest in airplanes, has made many flights so that among friends in London he did not seem to think there was anything particularly novel about his flight.

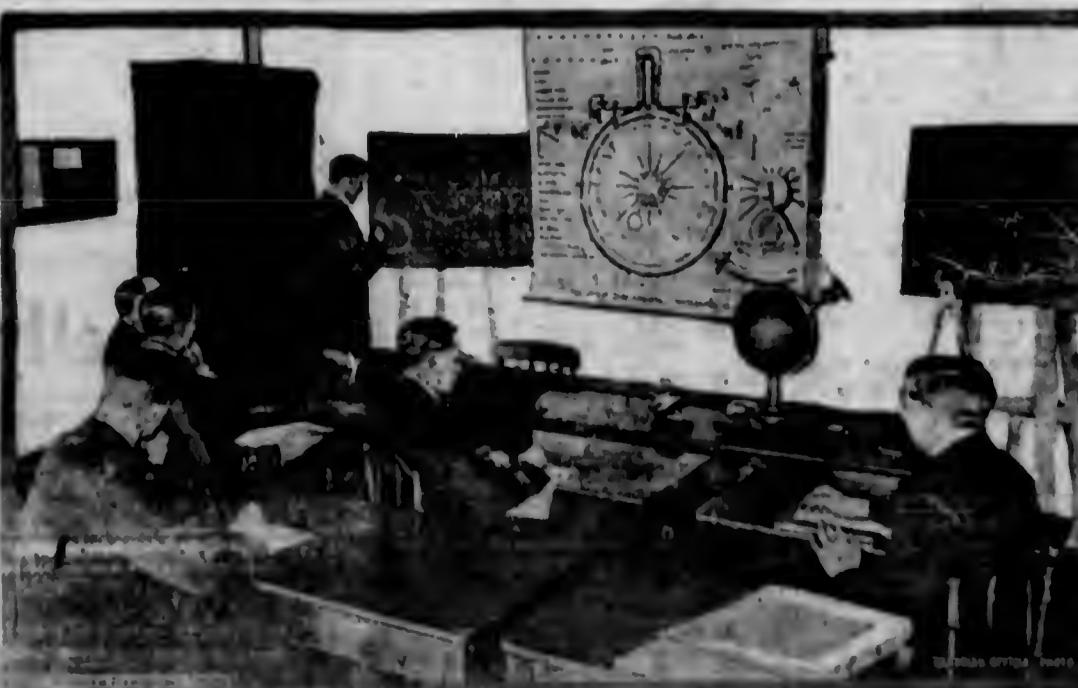

ONWARD MARCHING.

Thirteen states have already ratified the national prohibition amendment, and did it in less than 6 months from the time the first state took action. Of the 1811 members of legislatures voting on the proposition 1488 voted for ratification while 323 voted against it. In other words, 82 per cent. of the people's representatives want national prohibition while 18 per cent. are opposed to it.

CARD OF THANKS.

We wish to take this means of expressing our sincere gratitude for the many kind favors shown us during the recent illness and death of our little daughter, Rowena Frances, Mr. and Mrs. A. H. Hopson.

COMPASS TESTING FOR SEA AND AIR SERVICES

Fortune, who is in charge of the supply testing, etc., of all compasses for the U.S. Army and Navy, has removed from its old laboratory in the country. The work at the observatory is almost entirely finished, with the gyro compass.

INSURGENTS ARE ROUTED IN RUSSIA

(By Associated Press.)

With American Forces on the Marne, July 11.—A large German patrol, which attempted a raid on the American trenches on the Marne front this morning was broken up and routed in confusion. The German dead aided the Americans in establishing the identification of the new German units.

In recognition of the valiant services of the American troops who stopped the German rush on Paris in the second battle of the Marne, the French authorities have officially changed the name of Bois De Beljeau, which the Americans captured, to Bois De La Brigade De Marne, and ordered all maps changed accordingly.

Both the French and British made further gains last night, the French on the west side of the Marne salient and the British south of the Somme.

The repeated local attacks on the French front have by degrees strengthened the German salient out and given the French much stronger positions.

The Italian offensive in Albania continues to gain headway. The advance so far has been about fifteen miles and the movement is still unchecked.

Strengthening their line between the Marne and Aisne, where it is believed the Germans will attempt to break through to Paris in the resumption drive, the French have begun to attacking appreciable results in a series of sharp local thrusts. The latest victory to show a methodical advance was the capture of the town of Corcy, east of Reims forest, which strengthens out a new strong defensive line and gives the French a great opportunity for observation of activities behind the enemy lines.

DESERTER IS TAKEN TO CAMP

Sheriff Cliborne left for Camp Taylor last night with Pvt. Jim Hodges who left Camp Shelby sometime ago and has been at his father's in the northeastern part of this county. He was arrested and brought to Hopkinsville yesterday morning.

Miss Robbie Terry will leave this morning for Washington, D. C., where she has accepted a Government position.

Mrs. H. D. Lapont, and Mrs. R. W. Robertson, of Lebanon, Tenn., are visiting the family of Mr. J. McHenry Tichenor, on the Nashville pike.

When Hodges learned that Mr. Davis was present for him, he made no resistance or effort to escape but took Mr. Davis' advice to return to camp and obey orders. Hodges came to town dressing in his uniform and looking real soldier like. A \$50 reward was offered for his arrest. In all probability when Hodges reaches camp the charge of absent without leave will be made and his punishment made lighter.

Why not send it to your soldier?

On Sunday, July 14, France will celebrate its independence day, the anniversary of the Bastille, fortified prison house of kings. Just as the Declaration of Independence was the greatest event of our revolution, so the destruction of this great tower in 1789 and the liberation of its occupants whose only crime was royal displeasure, was the greatest event for the French fight for freedom. The key to that prison house now hangs in the hall at Mt. Vernon; the key to French freedom, presented by LaFayette in March, 1790, to Washington, as a symbol of the struggle of the two peoples. We still hold that key. The French people celebrated July 4th by a display of American flags. Let America display the French flag beside its own banner of freedom on July 14.

Y.M.C.A. HUT IS THEIR HANG OUT

Yanks Travel Many Miles to Spend Evening in the Club.

SOMEBODY ALWAYS ON JOB

"Y" Guy" Can Be Depended Upon to Get Movie On in Emergency—Men Made to Feel Perfectly Free and Unrestrained.

By CLARENCE BUDINGTON KEL LAND.

Paris.—Thirty sailors off an American war vessel hired a motor truck and drove nine miles to get to the Y. M. C. A. club in a famous French city. I asked them why.

"Because it's a regular hangout," one of them said, and another added, "Because you get white bread with butter on it, and eggs fried on both sides and coffee with piano accompaniment."

As soon as I broke into the place I found why men would ride nine miles on a truck to loaf there from eight until eleven.

It wasn't the sort of place folks in the United States imagine a Y. M. C. A. to be. It was a swelteringly hot night, and the broad front steps were lined from end to end with men in khaki and men in navy blue. They were gassing and smoking until the place looked as if the captain had ordered a smoke screen to help him through the submarine zone.

From the street you could hear a phone doing business and a lot more men in uniform howling, "Jimmie! Jimmie!" If the mothers of these boys could have heard that racket their hearts would have dropped off a pound of weight and increased their beat by ten to the second. They sang as if they were glad to be alive.

Right on the Job.

And then somebody busted up the game. A gulliver came in and made the announcement that the driver of their truck refused to take them back to quarters again, and it was a walk of nine miles on a hot night or a stretch in the brig for them. Gloom descended. Then somebody turned around and bellowed, "Where's one of their Y guys?"

A "Y" guy happened to be on the spot and in a second he was surrounded by not a crowd of men who were angry or in a mood to demand something, but by fellows who were mighty courteous in an unpleasant situation. That was something worth remarking and it made you sort of glad to be around.

They put the thing up to the "Y" guy and one fellow said sort of bushy-like, "We don't want to act like we was puttin' this up to you. Tain't your fault, but—"

It was apparent they had gotten the idea somehow that you could depend on a "Y" guy to get a move on him, and the "Y" guy allowed as much.

"Sure, it's up to us," he said, "that's why we're here."

Inside of twenty minutes he was back with a big truck with a red triangle on the side of it. He tucked the thirty sailors into it and off they went to keep their appointment with their boss.

That, quite likely, is one reason why they rode nine miles to spend an evening in the Y. M. C. A., because they knew somebody was on the job.

Like You Owned the Place.

Another reason is that you don't have to knock show a ticket, wiggle your first finger or roll over and play dead to get in. You just walk in like you were there to foreclose a first mortgage on the place.

When you walk through the front door you don't run into a lecture tail though there is one upstairs, and the odor that comes to your nose isn't the odor of smegma. It's the smell of fried eggs. The cafeteria is the first thing you meet, and if you are wise you get acquainted with it and stay acquainted while you are in this locality, for it is the best and cheapest place to eat in town. I know because I tried several.

The most impressive thing about it is the complete absence of an ostentatious welcome. You just help yourself and nobody says a word. You wander in and eat and wipe your mouth on your sleeve and little upstairs to mess around on a piano or write a letter or play billiards, or do as you doggone please. You are free. To be able to make a huge number of men feel perfectly free and unrestrained and at home is quite some little accomplishment. I haven't had time to find out how it is done, but the next time I have a party at my house I'm going to try it on. It's the real thing to hospitality.

SURPRISE FOR CHURCH FOLKS

Called an Hour Earlier for Prayer Meeting and Set to Digging Dandelions.

Denver, Colo.—Every member of City Park Baptist church was urgently requested to attend a special mid-week prayer meeting and to be on hand an hour earlier than usual. When the "worshippers" arrived the pastor produced an old case knife for each member, pointed to a church lawn badly cluttered by dandelions and told men and women alike to get busy. At the end of an hour of digging the lawn was clear of weeds.

OPEN EMERGENCY HOMES FOR WIVES OF SOLDIERS

Two Melones, Inc.—Two emergency homes which will care for the wives of soldiers after leaving a maternity hospital have been established here by the civilian relief department of the Red Cross.

The plan is to keep the mothers in the homes until they have regained their strength. They will be taught to care for their babies and for themselves. After leaving, an effort will be made to see that they are located in homes.

PRICES SOAR IN LONDON

Saloon Keepers Make Up for Profiting Brake an Whisky and Spirits.

London.—The whisky and spirit prices have limited the power of the saloon keeper to profit in these articles, with the result that the prices of wines have gone up with a run. A glass of port, which at one time was 8 cents, is now 24 cents. Mixed vermouth has risen to 24 cents a glass, or even to 36 cents in some West End establishments.

The bottle prices have been increased in the case of Italian wine from 40 cents the litre to as much as \$1.50, and the price of inferior French vermouth is \$2. Other wines are double or triple pre-war prices.

WE'RE NOT RESPONSIBLE.

A letter had been received by the sergeant major of artillery from the war office with reference to one Gunner Green, who, reported killed, had arrived at Woolwich. Could a full and satisfactory explanation of same be forwarded?

The N. C. O. gave the matter much thought, and then forwarded this reply:

"Green was an old comrade of mine. I visited him when he was dying of his wounds, and then saw him buried. Hence I know that he is dead, and am considerably surprised to hear of his return to Woolwich; but, please excuse me from further blame, how much as I am not responsible for his subsequent movements."—London Answer.

RED MEN WILL SAVE FOOD

Ask for Expert to Teach Squaws How to Save Wheat by Using Substitutes.

Omaha, Neb.—Indians are not one whit behind the white man when it comes to food conservation. They want their squaws to have a "food matron" just like their white brethren. Fifty leaders of the Omaha Indian tribe called on State Food Administrator G. W. Wattles and asked him to intercede with the "great white father" at Washington to have Food Adminstrator Hoover appoint a woman to explain to the squaws how to save the wheat by using substitutes. In the past nothing but wheat has ever been used on the reservation, but the Indians have not only sent their boys to fight for Uncle Sam, but they want to do their bit at home.

Her Dire Threat.

Sixty aged three and a half climbed to her place on her father's knee. He being worried, put her down. She stood looking at him seriously for a moment and then said: "Well, if you don't want no baby I'll just go to war."

Curious.

Just happened to think—funny, true—that every man who ever made a pioneer of himself was considerably braver than you locate a single exception? Look 'em over.—Richmond Times Dispatch.

Must Find Trouble.

There are some people in this world who would not be just sure they were living if they couldn't scrape together a collection of small troubles, either their own or other people's, about which they might feel irritated.—St. Paul Pioneer Press.

CUT TIME ON SHIPS

New Record for Rapid Construction Is Set.

Baltimore Shipbuilding Company Reduces the Present Average by Half.

Washington.—In its effort to set a new record for rapid ship construction, the Baltimore Dry Dock and Shipbuilding company has cut in half the present average time for construction of contract steel ships. This average built to date is 190.61 days.

In private docks, our war was regarded as fast as 110 days in building a steel vessel of over 6,000 tons.

The ten fastest built vessels for the shipping board have averaged 131.40 days between keel laying and delivery. The 6,000-ton oiler Turkios, record holder in this or any other year, was built in 97 days. In the list of the ten fastest built ships is the slowest time ever 110 days, 211 days in the list;

Tarantula, 5,500 tons, New York Shipping company, 97 days.

West Virginia, 8,340 tons, Skinner & Eddy corporation, Seattle, 75 days.

Alaska, 8,300 tons, Skinner & Eddy corporation, Seattle, 92 days.

Osprey, 8,371 tons, Skinner & Eddy corporation, Seattle, 108 days.

West Charter, 8,400 tons, Skinner & Eddy corporation, Seattle, 111 days.

Canoga, 8,348 tons, Skinner & Eddy corporation, Seattle, 112 days.

Westgate, 8,300 tons, Skinner & Eddy corporation, Seattle, 112 days.

River S. R. Co., Seattle, 112 days.

Western Queen, 8,340 tons, Skinner & Eddy corporation, Seattle, 113 days.

Lake Huron, 3,000 tons, American S. & G. Co., Chicago, 117 days.

Lake Forest, 3,000 tons, American S. & G. Co., Chicago, 119 days.

On the Pacific coast the five vessels built in the fastest time have averaged 100.15 days between keel laying and delivery; on the Great Lakes, 120.25 days; on the Atlantic coast, 200.15 days.

Eagle Attack Woman.
Franklin, W. Va.—A bald eagle that has made frequent excursions into this part of the country made a vicious attack on Mrs. Anna Simmons while she was walking to her home near this city. Three deep wounds were made in her face where the eagle's talons had gouged into the flesh. Bill Haltzman, who ran to her assistance, was also attacked and forced to seek shelter.

FREE EXHIBITION AT TABERNACLE TONIGHT OF HUNDREDS OF PICTURES SHOWN IN HILLIS'

The famous War Pictures taken by a commission headed by Dr. Newell Dwight Hillis will be shown to the public free tonight at 8 o'clock at the Tabernacle. These pictures were taken by Dr. Hillis and his associates in France and Belgium. This commission was sent to the war zone by President Wilson to learn the real truth about German crimes and outrages and to bring back photographs as evidence in order that the American people might have the opportunity of seeing with their own eyes what damnable outrages a so-called civilized nation is committing upon helpless and defenseless women and children.

No person under 18 years of age will be permitted to see these pictures and police will be stationed around the Tabernacle to see that this rule is enforced.

Tomorrow afternoon at 3:30 these pictures will be shown at Kelly and tomorrow night at 8:30 o'clock they will be shown at Crofton. The other places have already been announced but will be announced again later from day to day.

The Tabernacle will be open tonight for both white and colored as usual. Persons under 18 will please not try to gain admission, is the request of the Council of Defense.

TEDDY'S SON WINGS A HUN.

Lieut. Quentin Roosevelt, the youngest son of ex-President Roosevelt, brought down his first German airplane Wednesday afternoon in a flight not of Chateau Thierry.

Lieut. Roosevelt with three other pilots was flying at a height of 5,000 yards, eight miles inside the German lines when the machines became separated. Soon after Roosevelt saw three planes which he thought were his companions and started to join them. He was close approaching the machines from the rear when he saw his mistake for the planes were Germans. Roosevelt immediately opened fire and after 50 shots tracer penetrated the fuselage of the nearest German machine and it went into a spinning nose dive, falling through the clouds 2,000 yards below.

The Lieutenant is certain it must have crashed for no pilot voluntarily goes into a 2,000 yard spinning nose dive. The two remaining German air planes attacked Roosevelt, but he managed to make good his escape and return to the field, himself and his machine unscratched.

American pursuit planes flying in squadron formation penetrated German occupied territory north of Chateau Thierry for a distance of 50 miles Wednesday and chased several German machines which they encountered.

The Americans secured considerable information and observed the preparations being made by the enemy. They flew over many newly constructed flying fields, including one believed to be occupied by the famous Richthofen flying field.

The planes were at a height of 5,000 yards in the course of the great part of the flight.

All Americans returned safely.

ONE MILLION DOLLARS

TO BE PAID TO PEOPLE OF CHRISTIAN COUNTY ON JANUARY FIRST, 1923.

The following is the MESSAGE OF THE MEMBERS OF THE HOPKINSVILLE TOBACCO BOARD OF TRADE to the people of Christian County adopted unanimously at their meeting yesterday:

As the fathers or mothers looking to the future of their children, teach them to economize and to start a Savings Bank Account, in order that the child may have a "nest egg" when he becomes twenty-one years of age, so the UNITED STATES GOVERNMENT is looking ahead for her people, and urging them to economize, and BUY WAR SAVING STAMPS, which is in fact depositing your money in a U. S. BANK at 1 per cent INTEREST COMPOUNDED QUARTERLY, figuring to you, your interest in advance, and FOR EACH \$4.18 YOU DEPOSIT NOW, YOU GET A STAMP WORTH \$6.00, PAYABLE JAN. 1st, 1923.

The Government is looking ahead to its people, knowing full well that as soon as the War closes, we may expect a period of depression, a time when it will be hard to obtain money, even should you have the best of collateral; a time when there will be two or three men for each job; a time when there will be two or three men for each job; a time similar to the panic of 1893, or like you all remember, 1907, what a God send it would have been IF THERE COULD HAVE BEEN SENT TO CHRISTIAN COUNTY IN 1893, A FEW HUNDRED THOUSAND DOLLARS!

If history repeats itself, we may expect similar conditions by 1923. Then why not exercise business sense and prepare for the depressed days that we know are coming, so that when that day arrives, we can joyfully look to the DATE OF JANUARY 1, 1923, KNOWING THAT ON THAT DATE, THAT \$1,000,000 (ONE MILLION DOLLARS) WILL BE PUT INTO CHRISTIAN COUNTY with normal prices that would have a purchasing power of more than \$2,000,000.00 would buy now.

LET'S DO IT! It will be easy, as that would average only \$25.00 per capita, in Christian county which has a 40,000 population.

Just look at the Bank Deposits of Christian county, right now—more than \$3,500,000! Never in its history did the Combined Bank Deposit show so large, until this War began. This is more than double, or \$2,000,000.00 of War Prices, which is BLOOD MONEY. EVERY DOLLAR OF EXCESS ABOVE NORMAL TIMES REPRESENTS SOME SOLDIER BOY'S BLOOD.

Then why not be prudent and put at least one-half this surplus or \$836,000.00, on deposit with the U. S. Bank, and take WAR SAVING STAMPS for \$1,000,000, payable January 1, 1923? As an economic proposition, WE MUST DO IT! As a business proposition, WE CAN AND WILL DO IT! All pledge ourselves to work to this end.

HOPKINSVILLE TOBACCO BOARD OF TRADE.

L. B. CORNETT, President.

RED CROSS NOTES

The people of School No. 5 in the county will meet at the school building next Saturday afternoon at 3 o'clock and will organize a branch Red Cross Auxiliary. This is truly a patriotic move and should be followed by an organization in every school district in the county.

Mrs. Blakemore Resigns.

At a meeting of the board of directors of the Christian county chapter of the Red Cross, which was held yesterday morning, Mrs. L. McF. Blakemore tendered her resignation as vice chairman of the organization and it was accepted.

Mrs. Blakemore, one of the most beloved and patriotic ladies in the city, has been the active head of the Red Cross in this county since it was organized a year ago, and she has been tireless and faithful in the cause. A resume of the year's work is given by her in this issue of the Kentuckian which shows how important this has been and the extensive scope it has covered.

The board then proceeded to elect officers to serve for the balance of the fiscal year, Dr. Gant Gaither having recently resigned as chairman also. Norman Mellon, treasurer of the organization, was elected as chairman and Mrs. Ira L. Smith as vice chairman. The offices of secretary, treasurer.

It was decided to have Miss Bush's office at the present Red Cross rooms and she will receive all moneys and goods and see to issuing supplies to workers.

McKenzie Todd, of Louisville, executive secretary for Kentucky, was present at the meeting.

LINN F. HANSEN, PATRIOT

There is none who will ever be able to doubt the patriotism of Linn F. Hansen, a young farmer of Wayne, Neb. Hansen owned quite an extensive farm but when he heard the call of duty he responded. First of all, he sold his property, then contributed \$5,000 to the Red Cross. He followed with a \$1,000 contribution towards building a church and then bought another thousand dollars' worth of Liberty bonds. Not content with all this, Hansen enlisted in the army and then bought \$4,500 more of Liberty bonds. He is stationed at Pensacola, Fla., with Company Q of the Forty-third Infantry. President Wilson has written Hansen a letter expressing his admiration for the action taken by the young farmer.

Remark That Meant War.

"Some people ain't hardly proud when they've got a cheap photograph to show off," observed Mrs. Prunk of No. 30 in her neighborhood at No. 35. "She had the four children all took together last week," and a thumb was jerked in the direction of No. 31.

"Only sayin' to my husband this mornin'," replied No. 31, "George," I says, 'I'm about fed up with her swank.' Never did see such a woman to put on airs. Fancy! A photograph in war time! I shall tell her off if she shows it to me, you see if I don't."

Two minutes later the photograph in question was being passed over the opposite fence.

"Think it's like 'em?" asked the proud owner.

"I don't know 'em, do I?"

"I'll come you do. That's my four."

"Never! Well, there don't I suppose you're right. I mean, they was in a bind, and I mean, don't I?"
